OF INTEREST THE STANDARD TO VETERANS

Monument on Confederate Line of Works at Vicksburg to Botctourt Artillery.

STATE'S

REPRESENTATIVE

This Company Was All That Virginia Had There-Bill in Legislature.

Considerable interest is likely to be felt by Confederate veterans in the bill recently offered in the House of Delegates by Mr. Latane, and in the Senate by Mr. Ople, providing a commission to delineate the positions of the Botetourt Artillery in the campaign and defense of Vicksburg, Miss., and to erect

the service of the Confederacy; known variously as the Warrenton Rifles, Company H. Twenty-eighth Virginia Regiment, Anderson's Battery, and finally the Botetourt Artillery, and was the only body of Virginia troops actively engaged in the campaign and defense of Vicksburg, December, 1862-July, 1863.

(2) That the Vicksburg National Miliary Park Commission and the Botetourt

(2) That the Vicksburg National Miliary Park Commission and the Botetourt Artillery Monument Association have already expended time and money in the preliminary ascertainment and marking of the various positions occupied by said company on the battlefields of Port Gibson and Champion Hill, and on the Confederate lines of defense at Vicksburg.

(3) That the commission and the association are desirous of more perfectly determining the several positions and recognizing the deeds and services of the Virginia company by a monument, with appropriate inscriptions, to be erected on that portion of the Confederate line of works held by that company during the siege and defense of Vicksburg. May 17th to July 4th, 1853.

(4) That it is proposed that the monument, shaft or block of Virginia sranite ghall be procured by the association at its own expense, with the countenance, approval and ald of the State of Virginia. With these ends in view, the bill provides that Major John W. Johnson, Henry C. Douthat, Francis B. Obenchain, James L. Burks and Adam Blecker be appointed a commission for the purposes contemplated by the proposed act. The commissioners are authorized to procure for the monument a bronze tablet. The commissioners are authorized to procure for the monument a bronze tablet. The commissioners are authorized to procure for the monument a bronze tablet. WENT OVER THE GROUND.

Major Johnston (who is one of the proposed commission, and is president of the Botetourt Artillery Monument Association and of the Buchanan Confederate Memorial Association), has recently gone over the battlefields of Port Gibson and Champlon Hill, and the lines at Vicksburg, with General Stephen D Lee and Captain William T. Higby, of the Vicksburg National Military Park Commission, and he has every evidence of their symiathy, co-operation and aid in the premises. Indeed his visit to the scenes of his former company's services and sufferings was at their instance and upon their invitation. And the pending bill, for action by the General Assembly of Virginia, has grown out of the earnest suggestions and requests, from time to time, of said National Park Commission. The Botetourt Artillery Monument Association has erected at Buchanan, Va., a handsome monument of Virginia granito to the Botetourt artillery and to our Confederate women, at a cost exceeding thirteen hundred dollars.

The Botetourt Confederate Monument Association hopes soon to secure sufficient money to justify the early letting of a contract for its proposed county monument, of Virginia granite, at Fincasile, Va., with a view to the erection and dedication of the monument in the month of October of this year.
